## **Vision and Values**

Three Bridges Education supports and educates learners with special educational needs (SEN) and learners with Autism (and associated conditions) from age 11 – 19 (Key Stage 3 & 4 and post-16 education). All the learners have an Education, Health, and Care Plan (EHCP) and come from different backgrounds having a variety of past and present experiences.

We use evidence-based practices when teaching and supporting our learners.

Our use of peer and group work enables the learners to build tolerance of others, co-operative skills, and social skills through the learning environment. Co-operative learning builds self-awareness and awareness of differences in others.

Our Purpose is to enable every learner to discover and explore their abilities and transition into future opportunities with the confidence and resilience needed for lifelong success.

Our Mission is to provide an inspirational, creative and challenging education which meets the needs of all learners in a safe and nurturing environment.

Our Vision is to empower learners to celebrate their individuality, build meaningful relationships, through bespoke learning opportunities, for a bright future.

Our Values are to deliver high quality special education provision with responsibility and integrity, equity and respect.

At Three Bridges Education we recognise and value our role in shaping the lives of our learners. We help them to realise their talents and build their confidence, self-esteem, and independence. We support them in learning to understand what they find difficult and to overcome any barriers they may experience, wherever possible.

We liaise with a wide range of support services to ensure a multi-agency approach is applied, creating the best support and opportunities possible.

At Three Bridges Education we will provide all learners with access to a broad and balanced curriculum, designed to meet their individual needs.

We are committed to making sure that all our learners have the chance to thrive and supporting them to meet their full potential.

We are focused on creating an inclusive environment, where provision is tailored to the needs and abilities of learners, no matter how varied.

### **Legislation and Guidance**

This is based on the statutory [Special Educational Needs and Disability \(SEND\) Code of Practice](#) and the following legislation:

- [Part 3 of the Children and Families Act 2014](#), which sets out schools' responsibilities for learners with SEND.
- [The Special Educational Needs and Disability Regulations 2014](#), which set out local authorities' and schools' responsibilities for education, health, and care (EHC) plans, SEN co-ordinators, and the special educational needs (SEN) information report.
- The [Equality Act 2010](#) (section 20), which sets out the school's duties to make reasonable adjustments for learners with disabilities.
- The [Governance Handbook](#), which sets out the Director's responsibilities for learners with SEND.
- The [School Admissions Code](#), which sets out the school's obligation to admit all learners whose education, health and care (EHC) plan names the school, and its duty not to disadvantage unfairly children with a disability or with special educational needs.

### **Inclusion and Equal Opportunities**

At our school we strive to create an inclusive teaching environment that offers all learners, no matter their needs and abilities, a broad, balanced, and challenging curriculum. We are committed to offering all learners the chance to thrive and fulfil their aspirations. We will achieve this by making reasonable adjustments to teaching, the curriculum, and the environment to make sure that learners with SEND are included in all aspects of school life.

### **Definitions**

#### **Special Educational Needs**

A learner has SEN if they have a learning difficulty or disability that requires special educational provision to be made for them.

They have a **learning difficulty or disability** if they have:

- A significantly greater difficulty in learning than most others of the same age, or
- A disability which prevents or hinders them from making use of facilities of a kind generally provided for others of the same age in mainstream schools.

Special educational provision is educational or training provision that is additional to, or different from, that made generally for other learners of the same age by mainstream schools.

#### **Disability**

Learners are considered to have a disability if they have a physical or mental impairment that has a substantial and long-term adverse effect on their ability to do normal daily

activities. (Equality Act). Three Bridges Education makes reasonable adjustments for learners with disabilities, so that they are not disadvantaged.

### Areas of Need

The needs of learners with SEND are grouped into four broad areas. Learners can have needs that cut across more than one area, and their needs may change over time. All learners' SENDs are detailed in their Education, Health, and Care Plans. Interventions will be selected that are appropriate for the learner's SEND, at the relevant time.

## **Parents or Carers**

Parents or carers should inform the education if they have any concerns about their child's progress or development. Parents or carers will always be given the opportunity to provide information and express their views about the learner's SEND and the support provided. They will be invited to participate in discussions and decisions about this support. They will be:

The learner's views will be sought and taken into account in making decisions that affect them, whenever possible.

## **SEN Information Report**

Three Bridges Education publishes an SEN information report on its website, which sets out how this policy is implemented in education. The information report will be updated annually and as soon as possible after any changes to the information it contains.

## **Our Approach to SEND Support**

When deciding on how best to support a learner's SEND, we will start with the desired outcomes, including the expected progress and attainment, and the views and the wishes of the learner and their parents/ carers. We will use this to determine the support that is needed and whether we can provide it by adapting our core offer, or whether something different or additional is needed.

We work in a multi-agency way to make sure we get relevant information before the learner starts at the school, so support can be put in place as early as possible.

## **Evaluating the Effectiveness of SEN Provision**

We evaluate the effectiveness of provision for learners with SEN by:

- Tracking learners' progress and assessing learning.
- Using learner questionnaires in various means and formats.
- Holding annual reviews of EHC plans.
- Collating and evaluating feedback from the learners and their parents/ carers.

## **Training of Staff**

Training will regularly be provided to the teaching and support staff. The principal will continuously monitor identifying any staff who have specific training needs and will incorporate this into the school's plan for continuous professional development.

## **Links with External Professional Agencies**

Three Bridges Education recognise that it won't be able to meet all the needs of every learner by themselves. Whenever necessary the school will work with external support services such as:

- Speech and language therapists.
- Educational psychologists.
- Occupational therapists.
- Physiotherapists.
- General practitioners or pediatricians.
- School nurses.
- Child and adolescent mental health services (CAMHS).
- Education welfare officers.
- Social services.
- Local authority officers e.g., SEN.

## **Admission and Accessibility Arrangements**

### **Admission Arrangements**

The placement must be requested by a Local Education Authority or Social Services.

Parents or carers who are considering a place at Three Bridges Education for their child are advised to contact us to arrange a visit. Following this, parents or carers should contact the local authority with a request for placement at Three Bridges.

Prior to admission a full needs assessment will be undertaken. Once an offer of placement has been agreed a transition plan will be established to best meet the needs of the learner. In the event of over-subscription, Three Bridges would carry out a needs assessment and offer the place to the learner whose needs we could most closely met.

### **Accessibility Arrangements**

Three Bridges Education makes a number of reasonable adjustments to prevent disabled learners from being treated less favourably. Our Accessibility Plan covers how we will:

- Increase the extent to which disabled learners can participate in the curriculum.
- Improve the physical environment to enable disabled learners.
- Improve the availability of accessible information to disabled learners.

### **Complaints about SEND Provision**

If parents or carers have concerns about our SEND provision, they should first raise their concerns informally with the teacher or principal. We will try to resolve the complaint informally in the first instance. If this does not resolve their concerns, parents or carers are welcome to submit their complaint formally.

Formal complaints about SEND provision should be made to the principal in the first instance. They will be handled in line with our complaints policy.

If the parent or carer is not satisfied with our response, they can escalate the complaint. Further information can be found in the [SEN Code of Practice](#).

### **Monitoring and Evaluation Arrangements**

We are always looking for ways to improve our SEND policy. We will do this by evaluating whether or not we are meeting our objectives set out in the first section. We will evaluate annually how effective our SEND provision is with regards to:

- Staff awareness of learner SENDs.
- How early we identify changes in learners SENDs.
- Supporting learner's progress and attainment.
- Whether learners with SEND feel safe, valued, and included in the school community.
- Comments and feedback from learners and their parents or carers.
